User deletes a chat
Removed: chat, messages, share copy, tags
Stays: share access row; deleted text lingers in the database journal until it is tidied up
Stays if the answer was rated: full chat copy (code only, not yet run)
User deletes a file
Removed: file record, uploaded file
Stays: text pieces in the vector store
Stays: passages already copied into chats
Admin deletes a user
Removed: account, login, own chats
Stays: files (record, upload, full text), vector pieces, memories, notes, folders
Stays: rated chat copies (code only, not yet run)
